Auditors' Report.

EXETER, N. H., February 28, 1905.

We have examined the annexed statement rendered by the Highway Agent and find that he has received the sums mentioned therein, amounting to six thousand, seven hundred seventy-six dollars, ninety-four cents. $6,776 94

And has made the disbursements enumerated in said statement, amounting to six thousand, eight hundred ninety-two dollars, eleven cents. $6,892 11

So that his payments exceed receipts by one hundred fifteen dollars, seventeen cents. $115 17

In this statement are included all bills receipted, though some of these were paid by checks not drawn against funds, which fact has created an overdraft of the Agent's account at Exeter Banking Company.

WILLIAM H. C. FOLLANSBY,
ARTHUR O. FULLER, } Auditors.

Special Report of Highway Agent.

Condition of Bridges.

Park bridge is unfit for travel.

Bridge near Dunn's brick yard will have to be repaired this year.

Dudley bridge will have to be repaired this year.

Perkins bridge will have to be repaired this year.

All other bridges are in fair condition with the exception of some replanking and painting.

Work of Town Team.

225 loads of ashes and cinders put on sidewalks and streets.

Police Commissioners' Report.

HEADQUARTERS OF THE POLICE DEPARTMENT,
February 15, 1905.

The Board of Police Commissioners herewith submits its tenth annual report.

At the regular March meeting George A. Wentworth was chosen chairman and Albion Burbank clerk.

Regular sessions of the board have been held at the police office on the first Tuesday of each month at seven o'clock, P. M., to listen to complaints and to transact any other necessary business.

No change has been made in the organization of the police force the past year. The usual quiet and good order has prevailed in the town the past year, due in great measure to the efficient labors of the Superintendent and his aids.

The number of arrests, as will be seen in the Superintendent's report, is much smaller than in the preceding years.

The expenses of the department during the past year amount to $2,758.54.

A detailed account of the number of arrests with their causes may be found in the appended report of the Superintendent of Police.

GEORGE A. WENTWORTH,
ALBION BURBANK,
WILLIAM H. C. FOLLANSBY,

Value of Insurance on and Insurance Paid on Property Damaged by Fire During the Year.

Value.	Insurance.	Insurance paid.
$44,750.00	$34,035.00	$5,107.94

The fire department consists of chief engineer, two assistant engineers, engineer and fireman for steamer and sixty-four active firemen. There are five companies in the department, namely: one steam fire engine, one hose carriage, one hook and ladder truck, and three hose wagons. There are also twelve pony chemicals, all in good condition and ready for service at all times.

The houses are in very good condition; the steamer house and house of Granite Hose Co. No. 3 received two coats of paint the past year, greatly improving their appearance and durability.

We have had but very little trouble with the fire alarm the past year and at the present time it is in good working order. The Board of Engineers would recommend that one box be tested on every circuit as often as every two months, this being the only true test of each circuit, to show they are in perfect condition.

I wish to return my sincere thanks to George B. Shaw, manager of the Exeter Telephone Co., for his present to the department of a receipted bill for a telephone at the steamer house for the past year, to the assistant engineers, the members of the fire department and all who have given their aid and assistance.

Respectfully submitted,

GEORGE H. CARTER, Chief Engineer.

The Robinson Seminary.

PRINCIPAL'S REPORT.

Honorable Board of Trustees of Robinson Seminary:

I submit to you the following report:

The school year of 1903-4 drew to a close in the usual pleasant manner.

The public occasions of the last term were of unusual interest. The address of Mrs. Laura E. Richards, a part of the exercises marking the close of the course in Domestic Science, was of special value and interest to pupils and public. In the same month of May the Cora Kent Bell Library and Memorial Room were dedicated with services that brought together a very large and interested audience, including many graduates and past members of the school from a distance.

June sixth the annual contest for the Harriett M. Merrill Rhetorical Prizes was held in the town hall, and on the eighth the commencement exercises, when a fine class of twenty young ladies was graduated.

The present school year opened Sept. 14th with largely increased membership,—the largest enrollment, I think, in the history of the school. The teachers were all accustomed to their duties, and from the first day to the present time the work of the school has moved on smoothly, enthusiastically and joyously.

ADMISSION TO COLLEGE.

In June nine of our graduates were admitted to college: Annie L. Jones to Boston University, Mary A. Chesley to New Hampshire College, Florence E. Crummett to the medical department of Tufts College, Geordie H. Hamlin, Vivian E. Ross, Margaret Kent and Elsie S. Young to Wellesley, all on certificate. Fay A. and Mabelle C. Dame passed the Radcliffe examinations with several credits. All later entered the several colleges to which they were accredited and all are doing good work in their respective classes.

CORA KENT BELL LIBRARY.

The Bell Library and Memorial Room are finished and have entered upon their mission to honor the memory of a noble woman,

an early graduate of the school, and to refine and ennoble the tastes and character of the school girls. The natural and artificial lighting of the apartment leaves nothing to be desired, and the beautiful room with its rich furnishing and priceless pictures is every day open before us, a source of quiet joy and a perpetual uplift to something higher. I hope the opportunity will come sometime to increase the number of books to make the resources for the study of some features of Christian Art more complete. The number of appreciative visitors who come from long distances to inspect this unique feature of our school is very large. Several requests for the loan of either books or photographs to clubs in different parts of the state have been received and gladly granted. Such loans have been greatly appreciated and always returned in perfect condition. At Christmas an exhibit of photographs of masterpieces whose subjects relate to the Nativity and Childhood of Christ was arranged in the Memorial Room and enjoyed by a great many besides our own pupils. This Spring I hope to arrange another exhibit appropriate to Passion Week.

GIFTS TO THE SCHOOL.

The Memorial Library has received a valuable accession consisting of seventy-three heliotype engravings of the most noted works of the old masters, presented by Mrs. N. G. White of Washington, D. C.

Miss Lucy Bell has added to the collection of books a rare and beautiful volume of drawings of Raphael's Hours, made by Miss Mary E. Williams of Salem, Mass.

We have received a valuable gift of minerals from the estate of the late Gen. William P. Chadwick. From time to time in the past we have received such accessions, till now we have quite a collection of minerals packed away in boxes. The mineral cases I arranged many years ago are full. A few dollars spent in polishing some of the finest specimens and in the purchase of another roomy case in which the specimens could be arranged would make available to the school another valuable cabinet of minerals.

The cabinet of birds which has been gathering for several years is of much interest and profit. There is now in the building a loan

collection of birds which the owner would be glad to sell at a low price. I hope the funds will allow of the purchase of at least a portion of this collection.

REFERENCE LIBRARY.

The equipment of the school in aids for teaching is now excellent. With laboratory furnishings, apparatus, and illustrative collections few schools in New England are as well provided. But the general reference library is much inferior to the other furnishings of the school. The laboratory method of requiring pupils to get their material for study from highest authorities in a well equipped library is approved by the wisest educators. Our reference library ought to have four thousand volumes, well selected and conveniently arranged in open cases in a commodious consulting room always open to the use of the pupils. A teacher who can devote the time to it should be appointed and paid to assume the duties of librarian, to arrange and care for the books and to assist the pupils in their researches. The Harriett M. Merrill fund is greatly appreciated and we have made the best possible use of the annual income. But the scope of the library ought to be greatly enlarged at once in the ways that I have indicated. It has greatly pleased me to learn that it is the intention of the Massachusetts Seminary Club to aid in the enlargement of the library.

COURSE OF STUDY.

The course of study has undergone little change this year. Redway and Hinman's Geography has been superseded by Dodge's, a very recent and practical book. Several texts have been added in the English course and new authors read in the Modern Language Department. English History is taught in the place of the Mediæval of last year. It is intended to thus alternate the subjects to offer to Juniors and Seniors an opportunity to take both subjects if they desire. The course is now as advanced and comprehensive as that of any high school in New England and more varied than the courses offered by most schools.

I earnestly recommend the early adoption of an English Course and English Diploma, in conjunction with the present Classical Diploma. Our course is a classical one, requiring the taking of Latin enough for admission to any New England college except

Radcliffe. I am a thorough believer in the educational and disciplinary value of Latin, but many girls find it difficult to do the required work. That difficulty will increase if the present rigid requirement of thorough quality is maintained, as I trust it will be.

More and more of our girls are to go from the Seminary to a business life as book-keepers, stenographers and private secretaries. If an opportunity could be given such pupils to drop Latin at the end of two years and pursue equally disciplinary studies tending toward their future work the course could be made richer for them and the standard of the school in nowise lowered. Such subjects as Business Arithmetic, Commercial Geography, Economics, Commerce, and possibly Stenography and Typewritting could be very profitably offered. Such a course could and should be made just as rigid as the present classical one and the diploma regarded as just as honorable and valuable. Such a course would require a specially trained teacher, probably in addition to the force we now have. But perhaps the munificence of Mr. Hilliard has made such a plan possible of realization.

Permit me to say in closing that this is the last annual report I shall ever have the pleasure of submitting to your board. With this I hand to you notice that at the annual election of teachers in May I do not wish to be a candidate for re-election.

I do not need to say that the rooting up of a life and associations that for twenty-two years have been growing into this school and this well loved town is an unspeakably hard task. But I feel that it is a duty I owe to the school and to myself to retire from the responsibility of the principalship at the close of the present school year. To the many members of your board, present and past, who have been my friends, helpful, staunch, true and honest, I owe a debt I can never repay. Through God's goodness to me in my limitations I am going to a profession and a life that are very congenial to me, but my heart will always be in the Seminary to which I have given so many of my best years, with the teachers whose fidelity has made my duties a joy, with the hundreds of girls who have been my loyal pupils, with the many friends who have been good to me and mine in my long life in Exeter.

GEORGE N. CROSS.

11th. Upon petition of Z. London and nineteen others, to see if the town will vote to have an electric light at the right angle curve on Auburn street nearly opposite Parker's laundry.

12th. Upon petition of Robert Scott and twenty-one others, to see whether the town will take any action, and if so, what, to prevent the spread of the brown tail moth within the limits of the town, and to appoint a committee or agent, or agents, to carry out any vote that may be passed on the subject and to raise money therefor.

13th. Upon petition of Henry A. Shute and thirteen others, to see if the town will vote to raise and appropriate the sum of three hundred dollars for the use and benefit of the Exeter Brass Band and for a series of open air concerts during the summer of 1905.

14th. To see what sums of money the town will raise and appropriate for the purpose of obtaining the benefit of an act passed January session, 1905, entitled an act "To provide for State aid and for the expenditures of other public moneys in the permanent improvement of main highways throughout the State."

Given under our hands and seals this twenty-fifth day of February, 1905.

JOHN M. WADLEIGH,
CLARENCE GETCHELL,
JOHN W. A. GREEN,
